

Selim Göksu Appointed as Head of Fasteners at Norm Fasteners

Norm Holding reinforces its organizational structure through important appointments. Standing out with his experience and achievements in the management of R&D, Project Management, Procurement and Production processes, Selim Göksu has been appointed as the Head of Fasteners at Norm Fasteners, Türkiye's leader and Europe's leading brand in the fastener industry.

With more than 20 years of experience in operational and strategic leadership roles spanning R&D, project management, procurement and production processes, Selim Göksu will continue his professional life as the **Head of Fasteners at Norm Fasteners**.

Göksu undertook the responsibilities of operations and strategic management of Norm Fasteners Bolt, Nut, Screw Business Units' companies operating in Izmir, Manisa, Kocaeli and Bursa in Türkiye and in Germany and America abroad in line with Norm Holding's future strategies.

Having graduated from Ege University, Department of Electrical and Electronics Engineering in 1998, **Selim Göksu** started his career as a Project Engineer at Vestel in the same year. After completing his master's degree at the same university and department in 2001, Göksu worked in technical departments at Micronas and Beko. He returned to Vestel in 2005 and worked as Design Manager and Project Manager in R&D until 2022. Having also worked as Assistant General Manager in Purchasing and Production operations, Selim Göksu was appointed as Assistant General Manager of Automotive Electronics Business Unit in 2022. In 2023, Göksu worked as Assistant General Manager at TCI and as of July 1, 2024, he continues his work as the Head of Fasteners at Norm Fasteners.
